## Animation and Realtime Services from Trial Assist

Bring evidence to life in the courtroom with Animations. Animations are powerful and can make your case stronger.

Trial Assist can prepare persuasive and informative Animations that simplify difficult concepts while capturing the juror's attention.

Animations can help the attorney explain complex and technical aspects of their case easily. We provide a full array of 2D and 3D animation services including the design of illustrative exhibits, trial board production, photo-realistic capture, and recreation of places, objects, or events.
